This week you will find on exhibition in our store practically the entire line of our 1925 Christmas gifts:

#### CAMERAS

Perfumes and Toilet Articles  
Candies, Moirs' & Neilson's

#### CIGARS

#### Stationery

Fountain Pens

China

Toilet Sets

ALSO A FULL LINE OF

Dolls, Toys and Games

Gifts Reserved if you wish to make your selection now.

**CHAMPION DRUG CO.**

Druggists and Chemists.

## WEDDINGS

### STEVES—RUGGLES

The Guess Ranch, seventeen miles east of Champion, was the center of general interest Nov. 25, the occasion being the marriage of Amy Marie, eldest daughter of Mr. and Mrs. J. A. Ruggles to Mr. F. G. Steves. The ceremony took place at three o'clock in the afternoon, Rev. Jos. Lee, of Champion, being the officiating clergyman. The bride, who was given away by her father was very lovely in a dress of golden lace over powder blue satin, and carried a bouquet of yellow chrysanthemums. Miss Sanderson, the bridesmaid, wore royal purple velvet. Bert Ruggles assisted the groom. After the ceremony the large company were treated to a wedding supper which included every obtainable delicacy, over one hundred guests sitting down to the tables. The evening was spent in dancing and games, everyone enjoying themselves to the utmost. The bride was the recipient of very many beautiful presents, hosts of friends remembering her on the occasion. The young couple will reside near Katwood school, and start their matrimonial voyage with the very best wishes of the entire community.

### DAVIS—SMITH

A very pretty wedding took place on the afternoon of Wednesday, December 2nd; at the home of Mr. and Mrs. Howard E. Smith, when their only daughter, Mary Lucille, was united in marriage to Edward Lionel Davis of Macleod. Rev. Joseph Lee performed the ceremony in the presence of a large number of relatives and friends. The bride, who was given away by her father looked lovely in a dress of duchess satin, and wore a bridal veil with orange blossoms. She wore a string of pearls, the gift of the groom, and carried a bouquet of ophelia roses. The bride was attended by her cousin, Miss Rachel A. Smith, who was attired in powder blue crepe-de-chene and carried a bouquet of pink carnations; while Howard Smith Jr. supported the groom. The wedding march was played by Miss Lillian Watkins, who also rendered several selections during the afternoon. After the ceremony a dainty buffet luncheon was served. The young

couple left on the evening train for Calgary, thence to Macleod, en route to Addy, Washington, where they will make their home. The out of town guests included Mrs. M. J. Davis, mother of the bridegroom, Mr. and Mrs. Will Davis, Messrs. Fred and W. Davis, and A. E. Hendy, all of Macleod, and Miss Beatrice Nelson of Brooks.

### MARSH—HOLLIDAY

A quiet wedding was solemnized on Monday afternoon at St. Gabriel church, Tuxedo Park, Calgary, when the Rev. Wilfred C. Marsh was united in marriage to Miss Rosalie Holliday, third daughter of R. J. Holliday, Ash Grove Villa, Swindon, Eng., late chief of the engineering department of the Great Western Railway. The church was tastefully decorated with white chrysanthemums and plants. The Rev. W. H. Trickett, of the Pro-Cathedral, officiated.—Calgary Herald.

The president and members of the Ladies' Aid, wish to extend their hearty thanks to Mr. W. C. Hoskins and Mr. J. T. Stephenson for the use of their stores, also to all friends for donations and help in making this annual bazaar a success, also the Chronicle for bills and advertising.

The W. I. will meet on Tuesday, Dec. 8th, at the home of Mrs. R. F. Nelson. Remember it is the meeting for the exchange of Christmas gifts.

**Tom Mix in "Oh You Tony."**

Friday & Saturday  
Dec. 4-5

A Wild Cowboy From the West Tamed by the Wiles of the Women of the East.

Mix and Tony in a Dashing Romance that Hops From the Plains of Arizona to the Palaces of Washington.

Coming Next Friday and Saturday, December 18-19, Norma Talmage in "Secrets."

WORLD HAPPENINGS  
BRIEFLY TOLD

Turkish telephone operators are being paid 100 per cent. actual of demands for wage increases.

A man making his own oxygen has been produced by H. C. Carter, of Victoria, Australia. This has partially solved, at least, the problem of masks for divers and miners.

The world's largest x-ray tube recently made its appearance in London in a musical display. It is 22 feet high and the bell is four feet in diameter.

Brazil, a little town in the mountains of Colorado, is so prosperous, it has asked the state public utilities commission permission to provide water to its residents free of charge.

During the demolition of a very old house in a village near Bergamo, Italy, a human skull filled with antique gold and silver coins was found in a hollow wall.

Commercial travellers in some parts of California are homeing pigeons for mailing orders. The birds are called homing pigeons and are carried by the travellers and released when needed.

Provision for the upkeep of his large estate of houses until, the natural death and the erection then of stones over their graves, is made in the will of the late David Shaw, millionaire fur trader of Cleveland.

Communism can gain no footing in Britain if good houses, food and opportunities to succeed are available. Declares Miss Irene Brown, socialist agent, in an address before the Canadian Club at Toronto.

A resolution, re-affirming the stand of organized labor in the United States in favor of the principles of the world court, was passed by the executive of the American Federation of Labor at Washington.

Canada has decided to take part in the British Industries Fair which is to be held in London and Birmingham in February next. The Canadian Chamber of Commerce in London, by arrangement with the high commissioner for Canada, is organizing the Canadian exhibit at the London pavilion.

Supt. Smith, a Havesanup Indian, of Grand Canyon, Arizona, has been thrown from his horse for the first time in one hundred years. The previous occasion was when he was four years old. He is now 101 years old. This time, however, he was critically injured.

## Sensational Ore Find in B.C.

Rich Strike of Ore Discovered by Lucky Prospectors

A dispatch from Terrace, B.C., states that samples of ore reaching there from the latest find at the Yukon, Vanadium, a station on the Canadian National Railway a few miles east of Terrace, are of a sensational character and have created great excitement among mining men. Assays of the ore run \$70 to \$150 per ton. But of equal interest is the fact that the ore contains a high percentage of silver and the great amount of mineral they carry, nearly all high grade with exceedingly rich streaks or pockets. The veins on the Silver River, which was located by the original discoverer, William Van Meter, have been traced to adjoining claims and arrangements are being made by the Canadian National Railway and is likely located for development work.

## Not Thrilled By City Life

Eskimos Apparently Not Impressed By Rights in Montreal

After visiting the city of a modern one the four young Eskimos, seen when they the Jean Revillon, an Arctic fur-trading schooner, when she was brought to the city for overhauling, were apparently not thrilled.

The only modern thing in Montreal to which they have become partial is tobacco, for they smoke continually.

The Eskimos went from Montreal to Pavea, Ontario, where they will stay for the winter. It will be impossible to send the boat north before the spring, so the natives are being kept at Pavea until an opportunity occurs in the spring to take them overland to their home at Baker Lake.

An important piece of Dominion-wide legislation is compulsory posting of railway lines throughout the forested areas of the Dominion for the prevention of fires caused by locomotives and railway operation generally.

Farmer (calling telephone for the first time)—Send me a basket of oats. Voice over the wire—Who are they for? Farmer—Don't be funny with me, my kid. They are for my horse.

## Curb Red Activities

Communists in Western Canada To Be Closely Watched From Ottawa

Activities of Communists in Western Canada are being closely watched from Ottawa. The Communist in Vancouver, referred to in a Winnipeg newspaper, are being scrutinized and action will not doubt be taken where the law is transgressed by such publications. The chief interest of the Dominion Government in Communist activity hitherto has lain in the efforts made to penetrate organized labor, and those efforts have not so far met with any great success. It is pointed out here.

The education of young children in the Soviet Union is undoubtedly going on, it is said. The recent deportation of a whole family from Winnipeg back to England resulted from the tedious speeches made by a young boy at a May Day demonstration. This action was taken by the immigration department, which along with the labor department and the Royal Canadian Mounted Police, are interested in the Communist movement in Canada.

## Britain's Offer Is General

Interests of Egypt Would Be Protected in Event of Nile

Within the period of a generation one of the longest rivers in the world, the Nile, which flows from the south to the north, is about to be completely harnessed to the service of man. Regulated, controlled, and disciplined, the achievement will be the work of Great Britain, and the section of a semi-independent state under her own direction. She demands that the water requirements of the Sudan, and that the entire development, should be subordinated to her own needs. Great Britain offers Egypt a partnership in the administration of the Sudan, and the placing of the control of the Nile in the hands of a neutral and independent body. The Nile, which is the lifeblood of the millions of people living in Egypt, who are in a position to form an unprejudiced judgment. Egypt is a sovereign state, and the Nile is a natural resource. T. H. Barrow in the Nineteenth Century.

## Vagrant Children in Russia

Big Cities Overrun By Homeless, Half-Starved Kids

Vagrant children in Russia number more than 300,000, the commissar of education has found. He characterized it as a situation menacing the welfare of the country and according to him, has organized a new system of factory schools for homeless children. The big centres, like Moscow, Leningrad, Kharkov and others are overrun by hundreds of children who sleep on the sidewalks, half-naked and half-starved. The "Central Lenin Fund" for vagrant children, to which the government contributes several million roubles and to which another few millions have been added by voluntary contributions, has been found insufficient.

The factory school intends to teach the waifs various trades in addition to their general education.

## New Fire Fighting Plane For Manitoba

If Machine Is Successful Others May Be Constructed

A seven-passenger twin engine flying boat, which it is said will revolutionize the aerial fire fighting machine used by the government protective patrols, is being tested at the Dominion Government airbase at South Fork, near Ottawa. If successful, it will be flown to Manitoba, where it will take on fire protective duties in one of the most important forest areas. Although practically the same size as an ordinary machine and with two engines on either side of the body, the machine is capable of a speed of between 90 and 100 miles an hour. If this machine is successful others of the same type may be constructed for fire fighting purposes.

Ontario's Holey Crop

Ontario's holey crop this year is of exceptionally high quality, and already 1,200,000 pounds of new honey have been moved through the co-operatives of the association. The production of Ontario's apples is now finding its way into the Scandinavian countries, France, Belgium, Holland, Germany and Switzerland.

## Alberta-Made Sugar

October 25th saw Alberta-made sugar, from the factory of Raymond, Alberta, on the market. The product of Alberta beets is said to be fully equal to that made from cane sugar, and with the extension of growing operations in Southern Alberta, it is expected to extend the market.

## CLIPSE FASHIONS

Delicious Fashions by Kaituma

The Fashionable Flare

Fine was will fashions this frock with the front of the skirt flaring in the dashing new manner. Very simple and very chic are the lines of this youthful frock, which may be worn successfully for any day-time occasion. The thin back ends over the shoulder at the front in a delicate white. Small, round buttons fasten the long front. The back is a simple closing for the convertible collar, which is worn buttoned close to the neck. The lower section of the full sleeves is banded with a handsome oriental trimming, a narrow, wide being used for the collar. The diagram pictures the simple design of No. 1222, which is in sizes 16, 18 and 20 (44, 46 and 48 inches bust). Size 16 years (36 bust) requires 4 1/2 yards of 36-inch, or 5 1/2 yards of 40-inch material. Price \$12.00.

## Sweden Had Unusual Summer

Average Temperature Was High With Little Rain

The official daily weather record, which in Sweden go back two hundred years, reveal for the past season a number of astonishing facts. On several occasions this summer Sweden has been warmer than Egypt, and the average temperature for July was higher in Stockholm than Paris. The rainfall was also three times more abundant than usual and yet the number of hours with sunshine count to the record, held by 1914. The Swedish crop has been remarkably abundant this year and the weather conditions for the harvest favorable.

## Alberta Good Roads

Ambitious Road Building Programme Will Be Completed in 1927

By 1927 the Alberta Government hopes to complete its \$5,000,000 road building programme, an Hon. A. R. Rogers, minister of public works, announced. By that time the province will have spent a \$5,000,000 from the Federal Government. His own grades are being constructed on 2,500 miles of highway. 814 hundred miles have been surfaced already and about 250 miles gravelled. Ultimately all the main highways in Alberta, leading east, west, north and south, will be gravelled.

## Many Autos Registered

More than 12,000 motor cars are operating in Alberta this year, compared with something over 47,000 in 1924. The total registered car licences up to the middle of September this year were 912,200, compared with 484,000 for the entire year of 1924.

He—Don't you cook much more for dinner than you do for breakfast? She—Of course, didn't I. It's different, because I can't economize by making left-over dishes?

## Powerful Rays From Cosmic Spaces

Graduate Of Saskatchewan University Is Associated With Great Scientific Discovery

Rays more penetrating and powerful than anything heretofore known or imagined on earth have been discovered, studied, and measured by Dr. Robert A. Millikan, of the California Institute of Technology, Pasadena, America's most famous scientist, with whom has been associated the most fruitful years of his research work. G. Harvey Cameron, son of Principal A. W. Cameron, of Nipawa College Institute, Saskatoon, and a gold medalist of the University of Saskatchewan.

Announcement of the remarkable discovery made by the two scientists was made by Dr. Millikan recently at a meeting of the National Academy of Sciences at Madison, Wis. He told of invisible messengers from the great cosmic spaces beyond the ken of man, rays approximately 100 times more penetrating than the most powerful X-rays produced in hospitals and laboratories.

Mr. Cameron, whose share in the discovery brings him into world prominence as a scientist, was graduated with honors from the University of Saskatchewan with a Bachelor of Science degree in 1921. On the recommendation of Dean G. H. Lang and Dr. E. L. Harrington, Mr. Cameron was given a teaching fellowship in the California Institute immediately after graduation.

## Interesting Secret Revealed

How British Admiralty Obtained Possession of German Signal Codes

An interesting piece of secret history, which explains how the German signal codes came into the hands of the British admiralty, has just been revealed in London.

When the German cruiser Magdeburg struck a mine near the Falkland Islands, off the Estancia, the crew abandoned the ship and surrendered. But it was noticed by some Australian that one of the German officers jumped overboard.

This aroused the Russians' curiosity, the spot was noted, and a diver was sent down. He recovered the body of the officer, and it was then found that the latter had secured in his person a number of secret German naval codes.

A copy of these codes was supplied to the British admiralty, but the Germans, unaware that they had fallen into hostile hands, continued to use them. It is stated that the possession of these German codes was of considerable value to the British fleet during the battle of Jutland.

## Prince Has To Make Report

Always Talks With Premier Before After Empire Tour

It has always been the practice of the Prince of Wales before starting on an empire tour to have a talk with the premier of the day and to report to him, as it were, on his return. This was the character of the interview the Prince had with Mr. Baldwin at York House, when he could be seen by a number of interested on-lookers. The ambassador of empire has still another "report" to make. It is the duty of the Prince to make a state luncheon. It was at a similar function that the present King, when Prince of Wales, made his famous "Wake up, England" speech. His son may have no such stirring slogan, but an address of unusual interest is expected—Liverpool Weekly Post.

## Created Canadian Record

Pen of White Lighthorn at Langley, B.C. Wins Egg-Laying Contest

With a grand total of 2,653 eggs, the pen of White Lighthorn owned by J. H. McArthur, has won the egg-laying contest at the Dominion Agricultural Fair, Agassiz, B.C. The pen has not only created a Canadian record, but probably a world record for official test, according to W. H. Hicks, superintendent of the station. The hens of the winning pen of ten birds have an average of 265 eggs each.

## Equine Casualties in War

The horse was not a combatant on the western front during the World War, distinct from accidental injury, is placed at 120,538 killed and 1,000,000 injured. The total number of veterinary services, of this number, 378 were killed and 1,568 injured by gas and 5,150 were killed and 67,155 wounded by shrapnel.

## Profitable Whaling Industry

British Columbia's whaling industry annually produces about 100 tons of whale bone meal and 500 tons of meat and blood for fertilizing purposes. A small quantity of this is sold for fertilizer in the province and the remainder is exported, principally to the United States.

## Faced Ordeal At Sea

Father and Daughter Shipwrecked in Nine-Ton Yacht

William S. Lait and his 16-year-old daughter reached Bristol with a thrilling story of their attempt to sail to New Zealand in a 9-ton yacht, the Merganser.

Everything went well until September 8, said Mr. Lait, when, off Fintona, they struck a succession of rocks.

"Boxed in and battered down tight for three days at a time. We were utterly helpless and at the mercy of the storm."

In collision, with a French trawler the Merganser's bowsprit was swept away, and later the two occupants of the tiny craft saw a steamer hovering less than 100 yards away.

The sextant, chart, chronometer and everything movable was washed away. The end of their adventure came when the Merganser ran aground on a sandbank outside Carnarvon.

Both father and daughter declare that they are willing to repeat the attempt.

## Unemployment Insurance

Commission of Twelve Is Appointed by British Government

Twelve men of the highest standing have been chosen by the department of labor in Britain to make an exhaustive inquiry into the system of unemployment insurance, commonly known as dole, and to report its effect upon the morale of working people.

Under the terms of reference the committee will be able to make a most thorough survey of a subject that has proved a nightmare to successive governments, including the Socialist regime of Ramsay MacDonald.

The acts which authorize the giving of a 100 per cent. unemployment benefit will expire next June, but it is hoped that the committee's report will be ready long before.

The inquiry will be carried out by a world record of special attention to methods of administration, which in many districts are so poor that capable workmen need never seek employment, but can live in comparative ease upon dole from the taxpayers' funds.

## Knew What He Wanted

The Rev. Angus McIlwain, a Scot of many years but a few words, was on a flying visit to the Jamiesons, who had years ago been members of his congregation.

"What you take a cup o' tea, Mr. McIlwain?" said the kindly Mrs. Jamieson.

"No thanks, no tea," replied he.

"A cup of coffee, then?"

"No, thank you, no coffee."

"What'll you have?"

"I'll have the Brooklyn bridge."

## New Pulp Mill

Construction Work Started For Manitoba Pulp and Paper Company

Work is now under way on the 250-ton pulp and paper mill to be erected by the Manitoba Pulp and Paper Company, Limited, according to Col. H. C. Jones, vice-president of the Winnipeg River Pulp and Paper Company, which is behind the venture. The mill, when completed, will be very similar to the one now owned by the latter company at Rossmore, Ontario, and the construction conditions on the two sites are also alike.

## A Problem

Bill—"Old man Hickley looks worried."

Hiram—"Yes, he's 'tryle' to think of a way to move his city property out here in the country. He says it would make a nice new run."

Hiram—"What did he buy in the city?"

Hiram—"The Brooklyn bridge."

Mrs. Gashlick (at the shore)—I often wonder what the will waves are saying.

Hiram—Nothing, Maria. They are the same good waves; they make a great deal of noise but they don't say anything.

Commercial rates on application.

THURSDAY, NOV. 26, 1925

**NOTES AND COMMENT.**

No one seems inclined to make the suggestion that Premier Greendfield is another victim of war times. But isn't he?

The U. G. G. decline to sell their elevators to the grain pools. They don't want duplication but co-operation in the elevator business.

It may be heresy to say anything against a policy to promote immigration but it is difficult not to harbor a feeling that if the people already here would all work there would be a great deal less heard about the necessity of promoting immigration.

Since threshing was completed the weather has been almost uniformly good and this has done much to relieve any feeling of depression the unusually bad fall had left. The rapid advance in the price of wheat has put the damaged wheat on far, as far as value is concerned, with much of the grain threshed before the stormy weather.

**Cost of Producing Wheat in 1925**

(Experimental Farms Note.)

The cost of producing wheat throughout the three prairie provinces in 1925 has been approximately 95 cents per bushel. This calculation has been based on the estimated average yield of 17 bushels per acre and upon what are regarded to be the prevailing rates of wages, interest, taxes, machinery, seed, twine and hail insurance. Where the yields have been larger than 17 bushels per acre or where costs, for any reason, have been below the average, then the cost of producing wheat would be below 95 cents per bushel. In fact, each individual farmer would have a different cost, depending upon how favorable the season had been in his locality and upon the efficiency of his farming.

The yield per acre is predominantly the most important factor affecting the cost per bushel of producing wheat. A few instances will be sufficient to show this. On summer-fallow land, when the yield is 20 bushels per acre the cost per bushel would be \$1.05 while, when the yield was 40 bushels per acre, the cost would be only 52 cents per bushel. On ploughed stubble land, when the yield is 10 bushels per acre the cost would be \$1.20 per bushel while, when the yield was 30 bushels per acre, the cost would be only 50 cents per bushel. The percentage of land which should be in summer-fallow should vary depending upon the comparative yields secured over a period of years on summer-fallow and on ploughed stubble land. Increased yields may be obtained by employing better varieties of grain and improved methods of cultivation as recommended by Experimental Farms.

The season exerts an extremely potent influence upon the yield and hence upon the cost per bushel of producing wheat. Yields may vary from almost nothing in some localities, in some years, to over 60 bushels per

acre in other years. It is obvious, therefore, that the cost of producing wheat will likewise vary from an extremely high cost per bushel, which entails a heavy loss, to a very low cost which would bring a good profit. Farming is not a one year business especially wheat farming. Even a three year period is quite insufficient to learn definitely whether the cost of producing wheat is low enough to leave a profit on the market price. A ten year period would be required to overcome this enormous variation from year to year in yield and in cost of production.

Five years ago Sergt. "Casey" Oliver, then in charge of the R. C. M. P. post at Banff and now the proprietor of a tearoom at Lake Louise, performed a deed of kindness in the course of duty, when he located the family of an Australian manufacturer who died on the train between Calgary and Banff. Last week he received a cheque from A. Bransley, Melbourne, Australia, the son of the dead man, for \$1,000 as a "small token of esteem."

Skating is postponed for the present, due to yesterday's chinook wind. Of late the McDougall dam has been the popular skating resort of the district, there being around 35 young people present every Friday evening and Sunday afternoon.

Attractive prices on apples and grocery lines—Gunder Nerison.

J. O. Reid shipped a mixed car of cattle and hogs to Calgary on Wednesday.

Address Champion P. O. for Reservations and Terms.

GIVE her smiles at the very thought of washing, and a song on her lips when she does it.

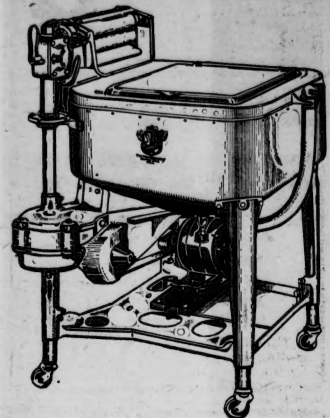

Give her the gift of a genius, a gift that's been snatched from the future.

Realize, if you can, what it will mean to her to come downstairs on Monday, lend a hand here, a hand there and soon her whole week's washing's done. It's play compared to what her getting-the-wash-out-hours have been.

Can you appreciate what this means: "a tubful of clothes hygienically snow-white in from 3 to 7 minutes;" "50 lbs. of dry clothes washed in an hour;" or this, "no rubbing necessary on wristbands, neckbands, or collars?"

You may not fully appreciate such remarkable laundering performance, but she will and quickly, too.

There's only one washer in the world whose principle provides such startling efficiency, a washer which in 600 days has swept into the world leadership, and that's the Maytag Gyrafoam! You couldn't give a finer gift, nor one so emphatically practical.

**Make it a Maytag Christmas**

**W. C. HOSKINS**

Guaranteed Hardware.

**billiards**

**promotes good fellowship**  
A fellowship always pervades every well conducted billiard room. Indeed, every billiard table in a properly managed recreation center fairly radiates sociability and good fellowship.  
Give billiards a trial on our tables. Meet more men. Broaden your field of opportunity. You will be impressed with the excellence of the equipment we have provided for the enjoyment of this fascinating game. You also will feel right at home when you see the atmosphere of wholesomeness and refinement that always is so evident in this recreation center.

## Local and General

Mrs. Ellis, Sr., is in Calgary visiting her daughter, Mrs. Chaplin.

The Hockey boys are preparing for the season practising on a near by pond.

Messrs. H. E. Smith and J. O. Reid shipped four cars of stock from Stavely this week.

Mrs. Archibald is in Calgary. Jim Archibald is spending a few days visiting in High River.

Mrs. F. Alcock will be the presiding officer at Barons W. I. on Thursday December 3rd.

Want to learn The New Charleston Dance? Then see The Alabama Four Wed. night Dec. 9th.

Mrs. A. Stephenson and daughter of Blackfolds, are visitors at the home of Mr. and Mrs. A. Manhard.

Mrs. E. Latiff returned from Stavely on Tuesday where she had been with her mother who was ill but is now around again.

Hear Joseph Towill Calgary's finest scotch baritone sing "A Wee Hoose among the Heather" at the Union Church Choir Concert. Wed. Dec. 9th.

The rapidly shortening days make a reminder of approaching Christmas. It will be noticed that Champion merchants are prepared for the big day.

L. W. Boden, who has spent the summer here, left for Victoria on Wednesday morning, where he will join Mrs. Boden for the winter. He anticipates returning here next summer.

The minister's club of High River Presbytery were entertained at the parsonage on Tuesday of last week at Carmanagay. The next meeting of the club will be held at the home of Rev. J. Lee, January 5th when papers will be given by Revs. Hokin of Blackie and Langille.

Norman Porter, at one time agent for the Southern Alberta Land Co. here, was in town on Monday paying off the gang from the irrigation ditch. Many old acquaintances greeted him.

E. F. Crawford is holding an auction sale at his farm, the east half Sec. 33-14-25, on Wednesday Dec. 9. Twelve work horses and a complete line of farm implements will be offered. Art Hopkins is the auctioneer. The sale starts at 10 o'clock.

The Misses McGilivray entertained a number of the younger people to a skating party on Friday night. Returning they were treated to a delectable lunch, followed by games and music.

## The Growing Automobile Industry

From Canadian Bank of Commerce Monthly Letter.

Of considerable interest are facts published recently regarding this industry. During the 21 years in which automobile manufacturing has been carried on in the Dominion, its factories are reported to have produced more than a million motor vehicles, a large percentage of which have been exported to all corners of the globe. The industry to-day employs in the neighborhood of 100,000 Canadians, and it is stated that 500,000 or about six per cent of the total population of the Dominion, as recorded in the census of 1921, are dependent for their livelihood on the manufacture and use of motor vehicles. In total value of production the industry occupies seventh place among the industrial enterprises of the Dominion and fourth in value of exports, being surpassed only by grain and grain products, pulp and paper and wood and wood products. In Great Britain and the United States only a greater number of motor vehicles owned than in Canada. In the former country the ratio of motor vehicles to population is estimated to be one in 57, in the United States one in 6 and in Canada one in 14. The remarkable increase in the use of automobiles in Canada is indicated by the following figures:

Year	No. of Vehicles Registered.
1903.....	220
1908.....	3,083
1912.....	20,558

1913.....	276,740
1917.....	514,023
1923.....	580,860
1924.....	602,121

Of 132,400 motor vehicles manufactured in the Dominion in 1924, 42.5 per cent, or 56,055 were exported, the value of such exports together with parts and tires being about \$38,000,000. New Zealand was our principal foreign market for cars, Australia for trucks and Great Britain for parts and tires. During the same year the number of cars imported into Canada was 8,344 and of trucks 57. The number of persons employed in the industry last year was 100,825, wages and salaries paid amounted to \$14,210,137 as against \$8,553,380 in 1919, and the invested capital was computed to be \$60,700,880, compared with \$31,650,938 in 1918. Federal taxes collected in respect of motor vehicles in 1924 amounted to \$15,207,880 and provincial taxes \$12,081,721. For the first eight months of the current year 112,015 motor vehicles were manufactured in the Dominion, 68,704 passenger cars and 13,321 trucks being produced, compared with 91,658 and 12,088 respectively in the corresponding period of the previous year. It is estimated that the annual cost maintenance of motor vehicles in Canada approximates \$150,000,000.

(From the Houston Chronicle.)

At times you wish you were more popular.

You do things to win favor, but somehow you do not touch the right chord to gain the points you desire to win.

All the time you are dissatisfied with yourself because you are endeavoring to be what you are not.

"There are two persons in the world whose respect I desire above all others," said a man the other day.

"The first is myself, the other my wife."

"When I respect my self because I am what I am, I am pretty sure of pleasing my wife also."

This man has the true philosophy of life and because he follows it as he sees it, he gets much joy out of living.

When you get to the point where you can respect yourself because you know that your thoughts, words and deeds are worthy of respect, you will not worry about what others think of you, nor will you regret that you are not popular with certain people.

Conducting yourself to win your own self-esteem, you are bound to surround yourself with a class of friends who, while they may be few, will be worth while.

## FORMULATE PLAN TO BRING NEW SETTLERS HERE

Ottawa.—Large expenditures of effort and money, to multiply and increase the number of settlers coming to swell the manpower of Canada, is contemplated in plans formulated by the Federal Government. These plans are rapidly approaching maturity, the first intimation of the new work being contained in an announcement that W. J. Egan, deputy minister of immigration and colonization, will leave almost immediately for Great Britain, and that W. R. Little, until a short time ago immigration commissioner for the Dominion in Great Britain and who was succeeded by Bruce Walker, is to undertake a special immigration mission to the United States under the direction of Hon. Chas. Stewart, acting minister of that department.

One of the features of the enlarged scheme is understood to be that it will provide for solely English-speaking immigrants in the main effort, while, having regard for adaptability, more other races will be given consideration. Another feature will be, it is understood, that the colonization phase of the work will be given more strongly than has been the case under the British empire settlement plan. The following efforts and the work of getting immigrants established, will be given close attention both in the matter of those coming from Great Britain and the empire scheme and of those coming from the United States.

## Trade Conditions Improving

Upward Trend Indicated By Annual Statement of Bank of Montreal  
Ottawa.—Signs of improving business continue to appear in the reports published by the Dominion banks of this date.

Out of six indicators of trade conditions recently published by that office, five show an upward trend.

The single exception is building. The indexes that show upward movement are railways, grain, pig iron, pig iron, and exports and imports.

Montreal.—The Bank of Montreal has made public its annual statement for the year ended October 31, 1925.

It indicates general trade improvement, showing larger demand for business expansion by increase in current loans. Total assets now amount to \$155,147,876 against \$149,139,497 at the end of the half-year period. Capital and rent account are shown at \$23,916,700, up from \$22,500,000.

## Want Alberta Coal

Ottawa.—The Ontario Government will lead every possible effort to obtain about the remaining 6,000 tons of Alberta coal still due this province under the contract for 10,000 tons.

Alberta, Ontario and Federal Governments, through the Canadian National Railways, Hon. Charles McCrex, minister of mines, stated. About 18,000 tons of coal were received out of the 25,000 tons trial order prior to the railway withdrawing its cars for the grain movement.

"The grain movement should be pretty well completed by the middle of December," stated Mr. McCrex. "We are taking the matter up with Sir Henry Thornton, first, as to the 4,000 or 5,000 tons shipment, and, secondly, to see if, under the conditions now existing, this tonnage could not be increased."

Awarded F.L.D.E. Scholarship  
Victoria.—Frederick J. Brand, of Victoria, winner of the first scholarship presented in British Columbia under the F.L.D.E. war memorial scheme, has been selected as a winner of the overseas scholarship scheme valued at \$1,400, and presented under the same auspices. The scholarship is tenable for one year at a university in Great Britain.

C.N.R. Increases Revenue  
Montreal.—For the month of October, 1925, net revenue of Canadian National Railways, after payment of operating expenses, was \$3,105,553, an increase of \$2,466,115 over October, 1924, and of \$2,371,491 over October, 1923.

## Radio Guides Plane

Paris.—Capt. F. L. Barnard recently flew a big air express from Paris to London by radio, with a pilot once guided the ground, being guided the whole way by radio from the Croix du Sud.

W. N. 1. 1005

## Saskatchewan Egg Pool

May Be in Position To Start Operations Early In December

Regina, Sask.—The success attending the first drive for contracts in the Saskatchewan egg and poultry pool indicates that the pool will be in a position to start operations early in 1926. G. F. Edwards, chairman of the provincial board of directors, announced that there are 240 men canvassing for contracts in various parts of the province on a commission basis, and more are appointed in the various municipalities. It is hoped that sufficient contracts will have been secured by the end of this year to enable the provincial board to take the necessary steps to have a permanent board of directors elected by the contract signers in time to start the pool operating in March, 1926.

On the date of the alleged murder the Indians were holding a celebration in their reserve, which was to have ended in a free-fall fight, but the end of which Meek was missing.

## An Historic Inn

Dickens Shrine In Boston About To Be Demolished

Boston, Mass.—The historic Parker House, birthplace of the famous novelist, Charles Dickens, and since 1910 one of Boston's most celebrated hotels, served its last breakfast recently. The last guest had departed, and the house was taken for the demolition of the building, to make way for a modern structure of 710 rooms.

Charles Dickens spent a winter there, and recently the Dickens Fellowship in Boston paid a farewell visit to the rooms which he occupied and which have been kept since as a literary shrine.

## Blow To Communists

Conviction of Twelve Members Charged With Sedition

London.—The trial of twelve Communist Party members ended in the old Bailey with sentences of imprisonment of 12 months for the five principal defendants, had been proved, and six months for the seven others, against whom no previous convictions were recorded. The Communist Party, which has been kept since as a literary shrine.

The men, who were charged with conspiring to publish seditious libels and with violation of the Incitement to Mutiny act, will be released in the month of March, which means simply deprivation of their liberty.

## White Woman Held Captive

London.—The only white woman in the area of the present trouble in Syria, Saba Lohani, Miss Lillian Cave, a member of the British Syrian League, is held prisoner by the Druses at Hasebela, their headquarters, according to advice received by the military headquarters in London. Miss Cave is reported to be well treated and allowed to walk about the town freely.

## Appeal For Large Sum

Washington.—For the first time since its foundation in 1917, the American Red Cross is appealing for a large sum of money. The organization, which has been successful in raising contributions to finance its work, is now appealing for a large sum of money to finance its work.

## Plan World Press Conference

Chicago.—S. N. Aycock, director of the Chinese Government Bureau of Information at Peking, announced proposals for a world press conference at Peking in 1927. He said he was to confer shortly with Dean Walter Williams at the University of Chicago, and with the Chinese Government, which favored the proposal.

## Unearth Old Tombs In Athens

Athens.—Thirty ancient tombs have been unearthed in Athens by floods from Mount Lycabettus, at the foot of which it lies. Numerous gold and silver vessels have been uncovered, as well as five human skeletons. The tombs were of the classical period, but are undisturbed what period is represented.

## Claims He Invented Tanks

London.—Claiming he originated the idea of tanks in the Great War, Captain J. P. Baxter appeared in a high court in his suit against the British Government for £1,500,000 "compensation," which he claims is due to him on account of the capture of his idea in the British army.

## Object To Having Census Taken

London.—Having a difficult time determining the population in several of her colonies, some natives are objecting to the census, and are going to great extremes to dodge the census.

## Half-Breeds Facing Trial For Murder

Alleged To Have Slain Captain Ogilvie At Hazelton Reserve, B.C.

Prince George, B.C.—Alexander Hird, Frank Hird and Albert Hird, half-breed residents of Hazelton, B.C., have been charged with the murder, September 12, last year, on the Hazelton Indian Reserve, of Matthew Meek, a young white man, who was killed on the spot while playing with a rifle at the spring outside here.

Alexander Hird was arrested at Hazelton by Constable Constable Clarke. Hird was picked up by the police near Hazelton, and Frank Hird is serving a sentence here for drunkenness.

## Pictureque Trader Leaves Stock Exchange

Disposed of New York Seat For Record

New York.—Ill health has driven from the New York stock exchange one of the most colorful characters in the floor traders, Jacob Phil, known generally as "Jackie," who started on the street as a messenger boy.

In 1908 he paid \$10,000 for his seat and he disposed of it for \$152,000, the highest price on record.

He was a "floor trader," and a "cubby hole" in a broker's branch office was his headquarters.

## PROGRESSIVES OF ALBERTA MIGHT ASSIST LIBERALS

Calgary.—Based upon which the former members from Alberta will cooperate with the Liberal Government was discussed at a conference of the newly-elected U.F.A. Federal members of parliament held in Calgary. Robert Gault, member for Calgary, was appointed by the gathering to present the views of the Alberta members to Premier King.

Discussing possibility of co-operating with Mr. Meighen, the members came to the conclusion that the Conservative leader's attitude on the tariff and upon western freight rates, made co-operation with his party an impossibility. As far as the Liberal stand on the tariff was concerned, they were inclined to the opinion that little could be expected in the way of immediate tariff changes.

There were three points upon which the U.F.A. members felt that they could seek to cooperate with Premier King and the Liberal party with some hope of success. These were the establishment of a system of rural credit, the introduction of the transferable vote, and the transferance of the control of natural resources to the people.

The move which would place the right to develop the Spruce Lake power project under the control of the Alberta Government.

## BEARS LOSE FEAR OF MAN

Black and brown bears at Jasper National Park have become so tame that they frequently visit Jasper Park Lodge grounds in search of food, and according to the report of Col. B. Maynard Rogers, park superintendent, do so.

One of the bears that broke into the camp and came for food and have been shot. Photographs show the bear being shot at one of the construction camps at Jasper, where they have learned to regard man as their friend rather than their enemy.

## GRAIN SHIPMENT RECORDS BROKEN FOR THE SEASON

Winnipeg.—Latest loadings at Port William and Port Arthur broke all records for the season Nov. 23, when 5,316,000 bushels of grain were shipped out from the terminal elevators.

Shipment by boat from the port of Vancouver also were heavy, the exact figure being 793,230 bushels.

Vancouver elevator space is virtually filled, officials of the Canadian Pacific Railway transportation department stated with 4,500,000 bushels in stock.

Markettings on the prairies continue heavy, showing a grand total of 5,097,726 on both railroads.

Markettings on the prairies were marked on Nov. 23 in Manitoba 329,739 bushels; in Saskatchewan 1,237,231 bushels; and in Alberta 950,723 bushels, making a total of 2,517,726 bushels. "A total of 1,572 cars was loaded, while 1,411 Canadian Pacific cars were inspected in the west."

## Thousand Treaties Registered By League

Member Nations Are Observing League Of Nations

Geneva.—The number of treaties registered with the League of Nations reached 1,000 with the filing by Sweden and Norway of the documents reached relative to the interpretation of their arbitration convention of 1905. Officials of the league assert all the member nations are faithfully observing the clause of the convention which obligates them to register all treaties.

To this clause United States President Wilson attached the greatest importance as an instrument for furthering open diplomacy.

## Large Terminal Warehouse

Building To Be Erected On Toronto's Waterfront Will Cost \$8,000,000

Building To Be Erected On Toronto's Waterfront Will Cost \$8,000,000. The new terminal warehouse, which will be completed for the erection of a water and rail terminal warehouse costing in the neighborhood of \$8,000,000 and covering an area of 12 and 13 acres of harbor front to handle American and European products. The new structure will be the largest terminal warehouse on the North American continent.

## Battle With Sea

San Francisco.—The Marine Corps change of the Chamber of Commerce received a message from Honolulu saying the cruiser Ruyter, which left port yesterday after a ten-day battle with storms in mid-Pacific. The ship's bridge, chart room and captain's cabin were badly damaged, and her steering gear crippled. The Ruyter, of 2,467 tons net, called from Vancouver, October 18 for Kobe.

## Many Drowned In Athens

Floods Following Torrential Rain Cause Houses To Collapse

Athens.—More than 100 persons are believed to have perished in the floods in Athens, following a torrential rain of an hour and 20 minutes, says a dispatch from the Daily Express. The houses in the suburbs were buried in the ruins, and many were swept away. Flood waters from Mount Lycabettus washed up 25 tons in Anagninotou Street here.

## THE OVERSEAS DOMINIONS AND LOCARNO PACT

London.—The attitude of the British dominions to the Locarno pact was a subject for lengthy debate in the House of Lords, and the trend of the speeches was that the overseas governments should support the action of Britain in signing the pact.

## Wine Prize For Beans

Ottawa.—Wm. Durnborough, Laura, of Ottawa, has won a prize for beans at the Ottawa Winter Fair, and so kept that province in the limelight. It was not expected to have anything to do with beans from the west. The seed exhibit at Ottawa is the largest and best arranged in the history of the fair.

## Manitoba Rhodes Scholar

Winnipeg.—Hector Allard, B.A., student of St. John's University, at Manitoba's 1925 Rhodes scholar. Mr. Allard has a record of scholastic accomplishments and has won many medals and prizes. He is a prominent in college sports.

## Celebrates Birthday At Ottawa

Ottawa.—Bliss H. N. F. Fitch, former minister of finance, jointly celebrated his 77th birthday, Nov. 23, at his home here. An illustrious record in active political life two years ago next month, by illness, Mr. Fitch recalls a lively interest in politics.

## Gets Rhodes Scholarship

Vancouver.—Harry Warren, aged 21, a United States student attending the University of British Columbia, has been awarded a Rhodes scholarship. He was announced by university officials.

## Revolt Among Chinese Troops

Supporters of Manchurian War Lord Fighting Each Other

Peking.—A serious revolt has occurred among the supporters of the Manchurian war lord, Marshal Chang Tso-lin, who are fighting each other in the provinces of Manchuria and Chinghai.

The claims of the various parties, however, are conflicting. Some quarters assert that General Kuang Sun-lin, Manchurian general, has captured Mukden, the capital, and imprisoned Chang, while the others assert that Chang's loyal troops have broken the railway at Chinghai to hinder an advance by Kuang Sun-lin.

It is considered essential that Mukden must be captured, at least temporarily, thus strengthening the hand of Feng Yushing, the Chinese general.

## Threaten Life Of Japanese Premier

Guards Stationed At Residence In Fear Of Assassination

Tokyo.—Heavy police guards are stationed at the premier's residence, due to the recent letters threatening his life, circulating with information in the hands of the police of assassination plans.

One of the letters, which was addressed to a school teacher and policeman, and escaped. His associate, caught by the police, confessed that the murder, knowing that eventually he would receive the death penalty, decided to end his career in a blaze of glory.

Another letter, which was addressed to the prime minister, was constantly surrounded by a police guard.

## Attempted To Smuggle Opium

Large Condemnation Found When Steamer Docked At New York

New York.—Two Piu Ming, master of the steamship Eastern King, was held in \$15,000 bail in Brooklyn following an attempt to smuggle into this country 221 pounds of smoking opium when the steamer docked.

The drug, which was found concealed under the sheet bed flooring of the ship's life box, was one of the largest quantities ever seized from a vessel.

George Oliver, chief steward of the ship, was detained as a material witness.

## Many Drowned In Athens

Floods Following Torrential Rain Cause Houses To Collapse

Athens.—More than 100 persons are believed to have perished in the floods in Athens, following a torrential rain of an hour and 20 minutes, says a dispatch from the Daily Express. The houses in the suburbs were buried in the ruins, and many were swept away. Flood waters from Mount Lycabettus washed up 25 tons in Anagninotou Street here.

## Will Pay \$1,100,000 Guarantee

London.—The British Government's financial obligations in connection with the Locarno pact, which was signed in London, is understood, will be liquidated in a few weeks, when a bill will be passed in parliament authorizing the payment of the government's guarantee of \$1,100,000 on the same basis as the payment of the money guaranteed by private parties.

## Canadian Nurses For China

Calgary.—Innocent steps will be taken to send a delegation of Canadian nurses to the international nurses' convention to be held in China in 1926. Plans were formulated to the end of the convention of nurses attended by about 50 delegates from every section of the world.

## Wine Prize For Beans

Ottawa.—Wm. Durnborough, Laura, of Ottawa, has won a prize for beans at the Ottawa Winter Fair, and so kept that province in the limelight. It was not expected to have anything to do with beans from the west. The seed exhibit at Ottawa is the largest and best arranged in the history of the fair.

## Manitoba Rhodes Scholar

Winnipeg.—Hector Allard, B.A., student of St. John's University, at Manitoba's 1925 Rhodes scholar. Mr. Allard has a record of scholastic accomplishments and has won many medals and prizes. He is a prominent in college sports.

## Celebrates Birthday At Ottawa

Ottawa.—Bliss H. N. F. Fitch, former minister of finance, jointly celebrated his 77th birthday, Nov. 23, at his home here. An illustrious record in active political life two years ago next month, by illness, Mr. Fitch recalls a lively interest in politics.

## Gets Rhodes Scholarship

Vancouver.—Harry Warren, aged 21, a United States student attending the University of British Columbia, has been awarded a Rhodes scholarship. He was announced by university officials.

## SECURITY PACT LAW IS ADOPTED BY GERMANY

Reichstag Approves Agreement With Allies

Berlin.—An overwhelming majority, the Reichstag adopted the law approving the security pact and arbitration treaties initiated at Locarno, and also endorsed Germany's entry into the League of Nations. The treaty will be formally ratified, thus enabling chancery London and Foreign Secretary Stresemann to proceed to London to sign the pact and treaties.

In the course of the next month, Germany will make formal application for admission to the league.

The only opposition to the various treaties came from the German Nationalists, Communists and Extreme Nationalists, led by General Ludendorff. The attempt of the Nationalists to forestall Germany's admission to the league by the adoption of a special law authorizing such procedure was defeated by a large vote.

The "right to Germany's entry" into the League of Nations, Germany's entry into the League of Nations, has been adopted on a resolution "to urge the government to expedite the necessary steps to obtain amplification of the concessions in accordance with the spirit of Locarno prior to Germany's entry into the league."

The resolution will be supported by the Social Democrats.

## Canada Again

Makes Concession

Allowing U. S. Vessels To Load Grain For Winter Storage

Ottawa.—United States vessels are permitted to load grain for winter storage at any Canadian port before the close of navigation the year, according to an order-in-council, made public here. This suspension of part of the Canadian coasting regulations is conditional upon the unloading of such cargoes at a Canadian port when navigation is resumed next spring. This concession has been made for several years past toward the close of the navigation season.

## Conference To Bear Fruit

Vancouver, B.C.—The conference of boards of trade of all the larger cities of Canada, held in Vancouver recently, is likely to prove one of the most important developments in Canadian affairs. The conference, which was the former president of the Canadian National Railways and veteran railroad and miner, who is visiting at the moment, is likely to be the representatives of the Toronto board of trade.

## Many Drowned In Athens

Floods Following Torrential Rain Cause Houses To Collapse

Athens.—More than 100 persons are believed to have perished in the floods in Athens, following a torrential rain of an hour and 20 minutes, says a dispatch from the Daily Express. Dated at Calgary, Alberta this 30th day of November A. D. 1925.

L. F. CLARKE,  
M. C.  
A. G. A. CLOWES,  
Clerk in Chambers

H. E. Gill returned from Victoria, where he had been locating his family for the winter, on Monday night. He had a very successful trip and secured excellent quarters for his family. He is enthusiastic in reference to the climate, but when it comes to other conditions still considers this is the country of opportunity.

### L. D. S. Dance Friday, Dec. 11th

A dance will be held in McCullough's hall on Friday, Dec. 11th. Four-piece orchestra. Tickets \$1.00. Ladies free.

The convention of Conservatives for the nomination of a candidate in the provincial constituency of Little Bow, announced for an earlier date will now be held on Monday December 21st, the change being necessary to secure the attendance of Mr. A. A. McGillivray, K. C. The place of meeting is Champion. The riding is being organized and an effort will be made to secure the attendance of representatives from every polling division. Among the prospective candidates the most mentioned is Mr. Peter Patterson, the present Reeve of the Municipality of Harmony, who has retained that position for more than nine years. It is said that the names of others will be presented to the convention—Vulcan Advocate.

A very enjoyable whist drive and dance was held by the O. E. S. on Monday night. Eleven tables of cards were in play and the evening hours passed very pleasantly. The lady winners were Mrs. O. Hagg (first) Mrs. J. O. Bell (consolation). The gentlemen winners were Mr. J. Bowman (first) Mr. Geo. Dupue (consolation). Refreshments and a merry informal dance were afterwards enjoyed with music supplied by Miss Watkins, J. Anderson and F. Clever.

### Church Bazaar Was Big Success

The Ladies' Aid of Champion Union Church announce that the Bazaar held last Saturday was a wonderful success in every sense of the word.

Thanks to the loyal support of members and friends in the surrounding country.

Each booth realized a sum of money far beyond all expectation.

Thanks to the children who generously shopped at the caddy and novelty booth.

The whole affair went over with a swing and zest and the feeling that everybody had a good time.

The ten tables under the sponsorship of Mrs. Williamson and Mrs. Woodhull with their able assistants, Mrs. Boner, Mrs. McIntyre and Mrs. Hammel realized \$40.80.

The home produce booth with Mrs. Lee and Mrs. F. S. Smith as convenors assisted by a soliciting committee from the East to West, Mrs. McRae and Miss Carlson, Mrs. Voisey and Mrs. Archibald realized \$50.35. The plain sewing booth under the management of Mrs. McDougall and Mrs. Ulrich took in \$53.35.

The fancy work booth convened by Mrs. Hoskins and Mrs. Freeze realized \$210.00.

The candy and novelty booth cleared \$45.40 for the Bazaar and the novelty counter cleared \$5.00 to be used towards a Xmas tree for the Sunday School.

The fish pond under convenors Mrs. Collins and Mrs. Ore realized \$17.50.

The fortunate selling booth under the management of Mrs. U. G. Anderson did extremely well yielding the splendid sum of \$12.45.

The total proceeds therefore were \$430.00. Expenses, fish pond \$5.00, fancy work \$30.00, plain sewing \$14.00, total \$49.00. Net proceeds \$381.00. Also the Ladies Aid wish to thank Mr. Ellis very much for his generous donation of two tons of coal.

### Big Programme For Choir Concert

A Grand Concert will be given by the Union Church choir and other talent on Wednesday night Dec. 9th in Campbell's hall. Starting at 8.30.

Rev. Mr. Lee will give his address. "Traits in Irish Character" and the local choir will be augmented by talent from Lethbridge and Calgary.

The Alabama Four direct from Georgia will also help to entertain you.

### Afternoon Tea Largely Attended

The home of Mrs. G. Campbell was the scene of a pleasantly arranged tea, on Tuesday afternoon when Mrs. Campbell, assisted by Mrs. Freeze, Mrs. Mason and Mrs. Moffatt, entertained in aid of the church funds. The tea tables, lovely with bouquets of red carnations offset by red candles in rose petalled holders, Miss Ella Stephenson played many delightful piano selections during the afternoon. The tea was a decided success, the proceeds realized being \$30.00 and the ladies wish to thank all those who so willingly patronized the tea.

James W. Wallis, O. D., Eye-sight Specialist from Dr. Millen's office, 212 Herald Bldg., Calgary, will be at the Drug Store, Champion, Wed. Dec. 9th for the practice of his profession.

### CHURCH BULLETIN

Rev. J. Lee announces the following services for Sunday next, Dec. 6.  
11 a.m.—Sunday School.  
3 p.m.—Service at Blusson school.  
7.30 p.m.—Service at Champion.  
Mr. Lee will conduct all services, and extends a hearty invitation to all to attend.

The Catholic Women's League have decided to hold their bazaar in Campbell's hall on Saturday, December 19th, the original date but change of place. The offerings will include sewing, fancy work, home baking, candy and poultry. Tea will be served.

Mr. and Mrs. W. S. Gorsche left on Tuesday evening for Vancouver, B. C., where they will spend the winter. Many friends here hope Mr. Gorsche's health will improve rapidly at the coast and that he and Mrs. Gorsche will return some day to this district.

COMING!  
Union Church Choir Concert  
Wed. Dec. 9.
